

We offer Industry Year placements for university degrees!

Previous experience is great but we can provide training to those without!

WE NEED

VOLUNTEERS!

Do you want to gain experience caring for a wide range of animals?

We have opportunities available to work with small pets, birds, reptiles, and livestock. There would also be opportunity to assist staff with the care of small carnivores and birds of prey.

There are also opportunities available to those interested in gardening, basic DIY and maintenance, and front of house in our Cafe/Reception.

These roles are suited towards zoology students, animal care students, and veterinary students mainly but anyone with an appreciation for animals is welcome!

For more information please email us at borthanimalarium@gmail.com
