

CEREDIGION LOCAL NATURE PARTNERSHIP Community Wildlife Features Consultation

Do you live in Ceredigion and have an interest in supporting nature where you live?

We are exploring opportunities to install a range of wildlife features across Ceredigion — and we want to hear from you.

What's being considered?

We are gathering expressions of interest for the following:

- Wildlife ponds
- Swift towers
- Stone nature towers
- Wildlife habitat gabions

Stone Tower

Wildlife Gabion

*Designs may vary

Important information

- This is **NOT an application process**
- This consultation is only to help us understand **interest and potential locations**
- Sites will be assessed later to determine suitability
- We will **cover all costs** of installation
- **No planning permission is required** for most features*

**Stone nature towers may require planning permission depending on location.*

Who can take part?

Anyone in Ceredigion with:

- Access to land (private, community, or organisational)
- An interest in supporting local wildlife
- **What happens next?**

We will review responses and:

- Identify areas of highest interest
- Assess suitability of locations
- Contact selected participants for next steps

Get involved

Complete the short expression of interest form to let us know what you'd be interested in hosting.

Together, we can create more space for nature across Ceredigion.
